When you're raised by a televangelist and a charismatic pastor, you have a range of experiences with the Person of the Holy Spirit.

But speaker, pastor and author Sarah Bowling traveled a long and varied journey from hearing about the Spirit to understanding what a relationship with Him might mean for her daily life.

With candor and gentleness, Sarah draws back the curtain from her extraordinary childhood. She invites the reader along on her own faith journey and into an exploration of one essential question:

What does Jesus actually say about the Holy Spirit?

Drawing from Jesus' teachings during the Last Supper, and from her own study of the Bible in the original languages, Sarah offers powerful insights for skeptics, new believers and mature Christians alike.

This book draws readers into a deeper understanding of the Holy Spirit and shows how He can transform our lives every single day.
